RE: Resolution No. 3882, Revised – Proposition - 1B Transit Security – Change to the January Commission Item

On January 11, 2012, the Programming and Allocations Committee referred MTC Resolution No. 3882, Revised to the Commission for approval to add \$5.5 million in FY2011-12 population-based Proposition 1B Transit Security Program funding requests from the region's transit operators.

Staff recommends one addition since the Committee's review, in the amount of \$217,103, for the Golden Gate Bridge Highway Transportation District's Advanced Communication and Information Systems project. The project sponsor submitted the project late but given the security emphasis and upcoming state deadlines, staff recommends including the project under this Commission action.
